To Whom It May Concern,

United Way of Brandon & District is introducing a new program specifically designed for youth ages 13 to 18 called the Summer of Service Program. The program provides opportunities for participants to gain volunteer hours towards a high school credit.

Youth volunteers will aid United Way of Brandon & District staff and summer interns with projects in our community. While fostering a greater understanding and appreciation for the diversity in Brandon, we will illustrate the value of serving those most in need.

The program will run for 6 weeks, starting in July (date to be announced), with volunteering hours scattered throughout the weeks. The registration form attached lists the potential volunteer dates and times. Students will have the option to attend as many of the opportunities as they like. There may also be other opportunities as the summer goes on. At the conclusion of the program, we'll have a volunteer celebration and make sure everyone receives certificates with the number of hours volunteered and the projects they have aided.

Please email or drop off the completed attached form at the United Way of Brandon & District office. For any questions contact us at community@brandonuw.ca or (204) 571-8929.
